SEVENFIVEZERO – Wheel changes have never been so relaxing!

Body, mind and tools in harmony! The new 750NR torque wrench with 1/2" fine-tooth ratchet gives you a new, holistic and relaxed working experience! With its resilient, durable spring mechanism and convenient adjustment via the rotary knob, it has everything you'd expect from a class leading tool.

Precise.

Thanks to the easily readable scale, integrated fine scale, and the clearly tangible haptic feedback of the precise mechanical triggering.

Balanced.

Beautiful design with new, ergonomically optimised handle – for low-fatigue work.

Relaxed.

Adjustment of the target torque via an easily accessible rotary knob at the end of the handle. With 10 N·m per revolution (Model 750NR/200), this torque wrench is the fastest in its class!
