2 PHILLIPS® screwdrivers No. 4630: PH1; PH2
3 screwdrivers for TORX® screws No. 4650: T15; T20; T25

Advantages.

With the Tool Control System, the tools fit into chemical-resistant safety foam inserts with high-precision, 3-D cutouts

The tool trolley convinces with numerous features: Two steering handles, smooth-running wheels with thread protection and drawers with system – central locking, full extension, pull-out stop and anti-tilt protection.

Contains 1/4" and 1/2" socket spanners (5-32 mm), ratchets + extensions, bit ratchet and bits, combination spanners, screwdrivers, various pliers and other tools.

Tool Control System (TCS): All tools are clearly arranged in TCS mats. Here, the green immediately catches the eye as soon as a tool is missing.

Product highlights.

High load capacity.

High static load capacity of up to 500 kg. The bottom drawer has a load capacity of up to 45 kg!

Two-stage safety concept.

The central locking system with side cylinder lock and folding key protects the tool from unauthorised access. The tilt protection prevents multiple drawers from being pulled out at the same time to avoid the risk of injury or damage.

Durable wheels.

Oil and acid resistant smooth-running wheels (Ø 125 mm) with carpet protection to protect the bearings from dirt and fibres; with two locking brakes.

Optimally organised.

All drawers can be extended up to 100%. Combining the use of STAHLWILLE standard and TCS inserts, or the variable drawer dividers, ensures a clear overview and convenient access to tools.

Technologies and features.

Tool Control System

The intelligent modular insert system protects and organises the tools in tool boxes, workshop trolleys and workshop benches. Two-colour foam inlays make checking the completeness of the tools quick and easy.
