Advantages.

7 easy-to-remove full-extension drawers with a ball cage guide for smooth running.

The tool assortment contains 161 parts for different applications and tasks.

The robust oil- and acid-resistant wheels allow flexible use of the workbench at different work locations.

Extra large work surface 1150 x 500 x 30 mm with robust birch wood multiplex (FSC certification).

The three-stage safety concept ensures protection for tools and accessories.

Product highlights.

Perfectly equipped.

Of course, our workbench is also available with matching tool sets. However, in case of individual requirements, we are also happy to assemble bespoke sets for our customers. Just get in touch.

Well thought out, sturdy design.

High-quality materials ensure the durability one expects from STAHLWILLE, such as the robust body and drawers with industrial powder coating. The oil and acid-resistant smooth-running wheels (Ø 125 mm) are equipped with guards to protect the bearings from dirt and fibres, and with two locking brakes.

Maximum storage space.

Everything in XXL. Seven removable drawers with full extension runners and a width of 880 mm offer plenty of storage space. For example, a 3/3 (XL) TCS insert fits in a drawer together with a 2/3 (L) TCS insert.

Ergonomic height.

The working height of 104 cm and the particularly large, FSC-certified worktop makes work more comfortable.

Technologies and features.

Tool Control System

The intelligent modular insert system protects and organises the tools in tool boxes, workshop trolleys and workshop benches. Two-colour foam inlays make checking the completeness of the tools quick and easy.

QuickRelease

The QuickRelease safety lock prevents unintentional loss of insert tools. These click securely into place, and are only released again at the push of a button for a quick tool change.
